**Section 12. Disposal or Placement for Removal of Recyclables - Multi-Family Housing Properties**

12.1 For multi-family housing properties, all recyclable materials shall either be delivered directly to a recycling center, or shall be picked up by a Private Hauler separately from municipal waste, in a pre-arranged manner.

12.2 Recyclables generated in multi-family housing properties shall not be placed at the curbside for collection, such curbside collection being intended solely for the placement of recyclables generated in residential properties other than multi-family housing properties and in municipal properties.

12.3 The landlord of every multi-family housing property shall require, by a clause in the lease or other enforceable rule or regulation, that the occupants in such property comply with the requirements of this Ordinance governing separation and disposal or placement for removal of recyclables in multi-family housing properties. Every such landlord shall set up a convenient and practical system in such properties for the collection, storage and regular disposal or placement for removal of recyclables generated by residents of such properties. Such system shall include suitable containers for collecting and sorting recyclables, easily accessible locations for the containers and written instructions to the occupants concerning the use and availability of the collection system. In addition, such owners, landlords, and agents shall annually provide written documentation and certification to the Township of the total number of tons of materials and the types of materials recycled. Such owners, landlords, and agents may comply with the reporting requirements hereunder by requiring their Private Hauler to provide said documentation and certification directly to the Township. In addition, such commercial and institutional establishments and properties

shall annually provide written documentation and certification to the Township of the total number of tons of materials and the types of materials recycled. Such commercial and institutional establishments and properties may comply with the reporting requirements hereunder by requiring their Private Hauler to provide said documentation and certification directly to the Township.

**Section 14. Prohibition Against Burning Recyclables**

No person who is not specifically authorized to do so by the Commonwealth of Pennsylvania shall burn or incinerate any recyclable material.

**Section 15. Authorization of Private Haulers**

15.1 With the exception of those persons who directly deliver (self-haul) their municipal waste and/or recyclables, it shall be unlawful for any person, other than such persons as are duly authorized by the Commonwealth, to collect or remove municipal waste or recyclables from any other person's property, and transport municipal waste or recyclables within or from the Township. Any and each such collection in violation hereof from each location shall constitute a separate and distinct offense punishable as hereinafter provided.

15.2 All agreements for collection, transportation and disposition of municipal waste and recyclables shall be by private contract between the owner or occupant of the property where the waste is generated and the Private Hauler who is to collect such waste and/or recyclables.

15.3 Nothing in this Ordinance shall be construed to prevent, penalize or otherwise make illegal the donation of recyclables to any person, partnership, corporation or charitable entity.

**Section 16. Presumption of Ownership**

16.1 Except as set forth in §16.2 below, from the time of placement for collection of residentially generated recyclables for collection by a Private Hauler, in accordance with the terms of this Ordinance, the items shall be and become the property of the Private Hauler.

16.2 The presence of any articles containing a person's name among municipal waste or recyclables shall create a rebuttable presumption, for purposes of this Ordinance, that said municipal waste or recyclables are the property of the person whose name is found therein. This presumption can only be rebutted by clear and convincing evidence to the contrary.

**Section 17. Responsibilities of Private Haulers Collecting within the Township**

17.1 All Private Haulers shall have an affirmative duty to follow and conduct themselves in accordance with their current license or permit, as issued by DEP or other applicable authorized agency, and to service each of their customers in accordance with each customer's recycling plan (where applicable), failure of which shall be a violation of this Ordinance.

17.2 All Private Haulers contracted for the collection of municipal waste within the Township shall provide their customers the service of recyclables collection as described herein. Failure to provide such recyclables collection shall be a violation of this Ordinance.

17.3 All Private Haulers contracted for the collection of municipal waste within the Township shall convey and dispose of municipal waste only at such sites approved by the DEP.

The size of such lettering shall be no less than six (6) inches in height and clearly legible. Vehicles shall be so marked within ten (10) days after the commencement of their use in the Township.

17.6 Private Haulers shall be responsible for maintaining each vehicle used for collection in the Township in good operating condition to assure that the schedule of collections can be maintained. The vehicles must be kept clean so as to present a favorable appearance. All such vehicles shall be specifically designed to prevent leakage of any liquid or fluids.

17.7 Private Haulers shall be responsible for the manner in which their employees perform work pertaining to collection, hauling and disposal of municipal waste and recyclables under the terms of this Ordinance.

17.8 Private Haulers shall pay all costs charged for the use of any disposal facilities which the Private Hauler utilizes.

17.9 Private Haulers shall empty bulk containers (such as dumpsters) which have been provided by them to their customers when such bulk containers become full.

17.10 At least annually and upon request of the Township, a Private Hauler shall provide to the Township any and all of the Private Hauler's records, pertaining to customer lists, collection records, and weight slips and receipts from landfills, transfer stations, and recycling centers (as applicable). The Township shall have the right to request and receive such records to the extent it may deem same to be necessary to the furtherance of the purposes, administration and enforcement of this Ordinance. Once a written request for records is made by the Township pursuant hereto, the Private Hauler to whom the request is directed shall comply therewith and supply the requested records in accordance herewith within ten (10) calendar days from the date of the request, failure of which shall be a violation of this Ordinance.

The Private Hauler shall have the right to substitute other insurance policies containing the same provisions as the original policies, provided however, that all such policies shall be in a form as issued by insurance companies, reasonably acceptable to the Township.

**Section 19. Private Haulers Not to Accept Unlawfully Disposed of Recyclables**

No Private Hauler shall accept, pick up or remove any bag or other container of municipal waste which the hauler knows, or has reason to believe contains recyclables.

The Board of Supervisors may change, modify, repeal or amend any portion of said rules and regulations at any time.

**Section 22. Violations and Penalties**

22.1 Any person who shall violate any provision of this Ordinance shall, upon conviction thereof in an enforcement proceeding commenced by the Township before a district justice in the same manner provided for the enforcement of summary offenses under the Pennsylvania Rules of Criminal Procedure, be sentenced to pay a fine of not more than one thousand dollars (\$1,000) per violation plus all court costs, including reasonable attorney's fees incurred by the Township, and, in default of payment of said fine and costs, to a term of imprisonment to the extent allowed by law for punishment of summary offenses. Each day that a violation of this Ordinance continues or each Section of this Ordinance which shall be found to have been violated shall constitute a separate offense. For purposes of this Section, the doing of any act or thing prohibited by any provision of this Ordinance, or the failure to do any act or thing as to which any provision of this Ordinance creates any affirmative duty, shall constitute a violation of this Ordinance, punishable as herein stated.

22.2 Private Haulers who shall violate any provision of this Ordinance may be reported to the DEP, by the Township, and may be subject to the revocation of the Commonwealth's authorization to transport municipal waste, as described in the amended Title 27 (Environmental Resources), Waste Transportation Safety Program, of the Pennsylvania Consolidated Statutes.
